

REMARKS

The Examiner's claim rejections are based on the teachings of Haverinen, *et al.* (EP 1,330,073 A1). Due to Applicant's priority date, however, Haverinen is disqualified as a prior art reference. In response to a voice message left by the undersigned for the Examiner, the Examiner confirmed by voice message on October 11, 2006, that Haverinen was improperly relied on as a prior art reference. The Applicant, therefore, respectfully requests that the Examiner withdraw all claim rejections based on Haverinen. Accordingly, all pending claims are patentable over the presently-cited references.

The Applicant requests a telephonic interview if the Examiner has any questions or requires any additional information that would further or expedite the prosecution of the Application.

Respectfully submitted,
